Access Measures

Relaxed Performance

Relaxed performances are open to everyone, but the environment has been specifically adapted for those who are neurodivergent and may experience sensory sensitivities, folks with communication or learning disabilities, and people who would benefit from a more relaxed environment.

The **TIME** performance on **DATE** will be a relaxed performance.

Audio Described Performance

At an audio described performance, audience members can listen to a description of the visual aspects of the performance described live through a small radio receiver. It is a narration with descriptions of the key visual elements, such as the setting, character descriptions, body language, and other key details that benefit blind and low-vision audiences. Audio description extends beyond the show itself with introductory notes before a performance starts, which include contextual information, the organization of the performance, a description of the cast and costumes, and relevant parts of the program such as credits and/or brief background information.

The **TIME** performance on **DATE** will be audio described by **DESCRIBER NAME**.

ASL Interpreted Performance

ASL interpreted performances are specifically designed to provide access to performances for audience members who are d/Deaf and/or hard of hearing. These performances feature ASL-English and/or Deaf interpreters who interpret all dialogue into American Sign Language (ASL) in real time, either on stage or to the side of the stage.

The **TIME** performance on **DATE** will be ASL interpreted by **INTERPRETER NAMES**.

Tactile Body Immersion (TBI) Chair

The ImmersX Tactile Body Immersion (TBI) Chair allows patrons who are d/Deaf, Hard of Hearing, or deafblind to experience music and other sounds through vibrations that are channeled through the seat and back rest of the chair.

The TBI Chair will be available at the **TIME** performance on **DATE**.

Touch Book

Touch books offer a tactile experience of various elements of the set, props, and costumes through touch. Touch books allow patrons from the blind and low vision community to enjoy a more complete experience of a show through touch.

A touch book will be available at the Front of House area for all performances.

About **White Man's Indian**

Darla Contois' powerful solo drama tells the story of a Cree teenager struggling to fit in at a new school. Through this journey, the play explores the social, historical, and systemic challenges that many Indigenous youth face every day. It is a moving look at experiences often overlooked by others.

Run Time

60 minutes with no intermission

Content Warnings and Advisories

Please be advised that **White Man's Indian** includes/mentions/references/depicts mature language and sexual content

Cast and Characters

Jaeli plays the role of **Eva** (include character description if desired).
