

We all make POOR LIFE CHOICES

Dom Mackie may only be in his early twenties, but he has already made many stupid decisions in his life. From how he ended up on a BBC game show, to his very awkward first date. Dom can prove that (like his comedy career), we all make “POOR LIFE CHOICES”.

Dom is a 22-year-old comedian from Britain. He has just finished university and is already dominating the British comedy circuit. His stand-up show ‘Poor Life Choices’ has successfully toured around Britain and central Europe and he can’t wait to take this show to Toronto. ‘I love comedy, I love telling jokes and I love sharing stupid stories from my life to other people’ commented Dom.

Dom himself is part Canadian, with his cousins on his mothers side being from Canada, the last time he went to Toronto was in 2013 when he was 16 years old and now he can’t wait to take his sell-out show to the Robert Gill Theatre.
