

Bitch. Slut. Cock-tease. Skank. Dragon Lady. Cougar. Ball Buster. Chick.
Shrew. Ice Queen. Dyke. Nag. Hag. Jailbait. Whore. Harlot. C@#*. Tart.
Gold Digger. Pussy. Bombshell. Diva. Man Hater. Bossy. Witch. Twat.
Battleaxe. Nasty. *Nasty*. **NASTY**.

Thirteen performers take on some of history's most diabolical women.
Sugar and spice, but not always nice, NASTY unleashes the vengeance,
wrath, lust, power, violence, sex, and desire which has been bridled or
condemned through the ages.

Through sinuous choreographies and lush pastiches of voice and text, this
chorus of devisers explores what lies at the core of these abominable
women of history, myth, and legend. Their facts and fictions emerge to
confront the lies and speak the truths denied to them by the men who wrote
their stories.

These women's words will be raised by an ensemble of cantankerous
hellraisers. Nasty is an immolation. A celebration. A declaration. An
incantation. An instruction. A call to action. We are anonymous no longer.
We are silent, obedient, ornamented, idolized, infantilized, used and
abused no more. **We. Are, Nasty. Are you?**
