

TORONTO
FRINGE
FESTIVAL

The Garden Comedy Show is a Toronto-based pop-up comedy series dedicated to creating memorable live comedy experiences. By partnering with local businesses and transforming unconventional spaces into intimate comedy venues, The Garden Comedy Show offers audiences something beyond a traditional night out: an opportunity to experience familiar local businesses in an entirely new way, or discover comedy in spaces where you'd never expect to find it.

Since launching, The Garden Comedy Show has hosted sold-out events in industrial halls, hair salons, costume warehouses, convenience stores, attics, and other unexpected locations throughout the city. Each show showcases some of Canada's top comedic talent while shining a spotlight on unique local businesses and community spaces. At a time when so much of life happens through screens, The Garden Comedy Show aims to create evenings that encourage people to put their phones away, connect through shared laughter, and enjoy live entertainment in a fresh and engaging setting.
