

# **JAY & SHILO'S SIBLING REVELRY**

## **Synopsis**

Imagine if the creatures from NARNIA found themselves in THE PHANTOM OF THE OPERA... Sibling Revelry is a fun, musical romp for the whole family revolving around siblings Jay and Shilo; two kids who live in a theatre populated by magical and musical creatures. Drawing on their creativity, the brother and sister duo use their strengths to help their friend Tallulah the fairy find her bravery and take centre stage.

Living under the watchful eye of the mysterious Narrator, Jay and Shilo live in the backstage areas of the BroadEnd Theatre. By day, Shilo sings and dances on stage while Jay writes the shows and creates the costumes and props. By night, they use their creativity to solve the problems of those around them.

When Shilo comes across Tallulah crying in the theatre he and his sister Jay call home, he knows he has to help her. The young fairy is determined to quit the show she is starring in; her stage fright is getting the best of her and she can't possibly go on! Armed with the help of his big sister, and a plucky determination to not give up, Shilo pledges to Tallulah that the show will go on, with her in the lead.

Featuring a stellar cast, and brand new songs by Anthony Bastianon and Brett McCaig, and a script by award-winning novelist Alisse Lee Goldenberg, JAY AND SHILO'S SIBLING REVELRY is sure to delight children of all ages (and their parents too!).
