

## OTHER LIFE PRODUCTIONS

### COMPANY BIO:

Other Life Productions was founded by Shelley M Hobbs for the purpose of creating theatre that is relevant and revealing. It is based on the premise that every human being has at least one personal experience that deserves to be told.

Other Life was behind the scenes for last year's Fringe hit by Cool Megs Productions, *A Good Death*. *A Good Death* is Shelley M Hobbs' poignant drama about making decisions for your loved ones at the brink of their very existence.
