

AND THEN...SHE DID!

Synopsis

Famous chefs, doctors, astronauts, dancers, shoe designers, fairy godmothers....what do all these things have in common? Well, they're all things that Molly's friends want to be when they grow up! But planning for the future can be scary, and sometimes dreams can seem way too big! Luckily, Molly has a master plan: not only will she one day become a fairy godmother...but she will make SURE that all of her friends are on track to become everything that they could ever wish for.

Molly always knew that she wanted to be a fairy godmother when she grew up. When she was little, her dream didn't seem so out of reach. But as she got older, and other dreams got smaller...hers started to sound weird. Nevertheless, Molly decided to 'use her smarts, use her wit, make a plan and stick to it'. Though others may think her dream is just too big, she decides to see it through... no matter what it takes.

And while she's at it, she just might help out some future chefs, shoe designers, astronauts, dancers and doctors with some dreams of their own!
