*It Girls* is a hilarious new pop musical about a girl group who reunite fifteen years after a dramatic split. Directed by *Second City* alum/*She the People* star Ashley Comeau, and featuring some of Toronto's funniest sketch and improv comedians, this campy Fringe comedy has it all - fame, friendship, forbidden romance, girl power, and Showgirls-esque sabotage! Best of all, *It Girls* features original comedy pop songs that will be stuck in your head for waaay too long.
