

COMPANY MANDATE AND HISTORY

La Fille du Laitier is a theatre delivery service, bringing creative and innovative theatre to your doorstep! Using a portable theatre scene attached to a delivery truck, we travel around the small communities in the City of Montreal, and around Canada. We want to reinterpret and reimagine theatre classics, bringing them to a modern audience, both young and old, for accessible and affordable prices. *La Fille du Laitier* believes in reclaiming our right to madness, and the freedom of the imagination!

**LA FILLE
DU LAITIER**

Our mandate is to produce family-friendly new texts or adaptations of classics, for the outdoor stage, and for English and French audiences alike. Many of our works go from indoor spaces to the outdoor stage, or from outdoor to indoor.

We value work that is physical, musical, and innovative in form.
