Tinder on the Toilet (and other bad ideas) is a celebration of hip hop comedy. Part rap concert, part comedy show NOTORIOUS is ready to show the Toronto Fringe why they are Canada's premiere hip hop comedy act. This high energy comedy romp will feature hits from NOTORIOUS' debut rap album *Overnight Success II* and original sketches that tackle everything from bike culture to Doug Ford. Plus, with live beatboxing, guitar, and music looping the show sounds great, top to bottom. It's a surprising musical journey that happens to be a very funny show. Directed by Second City director and multiple Canadian Comedy Award Winner Reid Janisse, this fun, fast paced production is a must see show.
