

## Synopsis: Juliet: A Revenge Comedy

JULIET: A Revenge Comedy is a fast-paced, action adventure comedy that follows Juliet on the literary adventure of the century.

The play opens with a fast-paced reenactment of Romeo and Juliet ending with Juliet's fateful suicide. We rewind and start the play again from the beginning, all the way to the stab. And again. And again. And again. Until Juliet pauses before plunging the knife into herself.

"I just met him two days ago." She considers, "I'm only 13 years old."

This momentous act of rebellion tears her from the fabric of the story. The play continues without her, and she observes, 'loose' inside the play. She learns that Romeo loved someone else the night he met her, about Friar Lawrence's reckless plan and how it all went wrong. Searching for a way out of this eternal recurrence, she steps right off the stage.

In the in-between world, Juliet finds a book. Through this book she finds others in a similar plight; Lady Macbeth, Ophelia, Cleopatra and Miranda. Together they piece together the clues and learn the truth that they are merely characters in someone else's plays, a man's plays. Seeking answers (and revenge) they track down Shakespeare himself and force him to answer for his actions and to find out why they've been forced to die! CAN THEY ALTER THEIR FATE?!
