

Our Exes Are Dead: Vol. 1

A Sketch Comedy Show

Our Exes Are Dead Vol.1 is a series of short sketches with the simple agenda of making you laugh. The buddy comedy duo has created a show that nods to Canadian/Toronto culture, explores unnecessary conflict, and exploits different genres of relationships. All of the comedy reflects the way we see the world - that's why we play all of the parts! Covid times have been a period of isolation, so our show is an opportunity to get out of your head and into ours.
