

OK, THEATRE PRESENTS: HONEYMOON: PLAYED OUT

***“Honeymoon: Played Out”, a multi-disciplinary showcase featuring a dozen new and exciting young artists!***

**“Honeymoon: Played Out” is a curated art showcase featuring over a dozen new and exciting young artists. Based on a live event that occurred in the summer of 2019, this video contains animations, digital performance, installation, mixed media monologue, and very special musical guests. Through their work, each artist interprets the idea of life after the honeymoon stage, pertaining to all things love, work, and beyond. All in all, “Honeymoon: Played Out” showcases four short films and four live performances that, when combined, explores what it is to be a hopeful young person in the digital age.**
