

ONE-EYED DUCK RECORDING & PUBLISHING

July 6th - 17th, 2022

SYNOPSIS

Do you still have that tattered teddy bear you carried around everywhere, that work of art which adorned the fridge, or that super-secret diary you poured all your teenage angst into? One-Eyed Duck Recording and Publishing brings you Blast From The Past Presents... One Night Only, where storytelling and improv collide in a new nostalgic comedy for the child in you. You will be taken into a world of nostalgic throwbacks from the past as we journey back to a time when life was simpler, phones were rotary and peanut butter was still allowed in schools.

Inspired by childhood show-and-tell, for one night only, real-life stories about childhood items are shared on stage by a new storyteller each night, and then reimagined into a completely unscripted improv comedy by our cast.

Take a trip back in time with us for a night of laughter at Native Earth's Aki Studio during the Toronto Fringe, as we look back at the innocence of our youth.
