## DIRECTORS NOTES

*"Humans are excellent at stories. Some folks think that's why we exist at all. But sometimes we tell ourselves stories that make existence harder for ourselves or others. This show is about a hard piece of learning; how sometimes we can't do it all ourselves and need to ask for help, and if we ignore that fact, it can have disastrous consequences. I'm so grateful to have had the help of an incredible team of creative humans in bringing this story to the Fringe, and so grateful to have you here with us to share it."*

*Love and Magic,*
