SUCCESS HORIZON

Deposit received. Welcome home, buddy.

A young woman lands her first big city apartment but the terms of the lease are undefined and her space is shared with a healing centre. Everything is owned by a faceless Trust that has developed a loyal following amongst its hapless subjects. In this world and ours, we call precarity an opportunity.

This project began as an ordinary play, but due to the pandemic and Fringe's choice to go digital, it became an experimental short film. We recorded the actors' voices and laid the tracks over stills of miniatures and figurines – a series of tableaux.

Nawi Moreno-Valverde's plays have been featured in festivals at Aluna Theatre, Seven Siblings Theatre, and Hart House Theatre. Success Horizon stars Bessie Cheng, Joanna Decc, Duncan Derry and Ryan Falconer. Bessie is a founding member of Silk Bath Collective and starred in *Yellow Rabbit* at Souleppper. Music is by award-winning composer Kohen Hammond.
